About Me

I am a student of Computer University, PYAY. I am excited to apply for an internship at Smei Myanmar Company, where I can further develop my skills and contribute to the company's success. I developed projects: Book Shop (HTML+CSS), Library System(HTML+CSS+ JavaScript) ,Timetable Management System(PHP),Food Service (C#).I've uploaded it to GitHub. Currently, I'm developing 'Clustering Research Paper by Abstract' with ML, NLP and Gradio UI/UX. I consider myself a responsible and orderly person. I am looking forward to my first work experience.

Experience

- **Programming**
 - I developed projects per semester that would be beneficial to community and with Object-Oriented Programming Languages (C++, Java, Java, Python, PHP, C#), Scripting Languages (PHP, Python), front-end programming languages (HTML, CSS, JavaScript,Bootstrap,Gradio),API ,ML.
